FT COOLING

COOLING SOLUTIONS

رؤية VISION 2030

المملكة العربية السعودية

KINGDOM OF SAUDI ARABIA

Commercial refrigeration, done professionally

Supply, installation and maintenance of commercial refrigeration, and construction of chiller and freezer rooms for projects across Saudi Arabia.

Supply | Installation | AMC maintenance | Cold rooms

About us

A trusted partner in cooling

FT Cooling is the refrigeration arm of Fun Town Company. Headquartered in Riyadh, we serve clients across the Kingdom with complete commercial refrigeration solutions, from choosing the right cabinet for every store section to installation, commissioning, preventive maintenance contracts and repairs.

Our goal is practical, reliable solutions that add real value to our customers: understand the need, choose the right solution, and deliver lasting quality and reliability.

150+
cabinet & freezer models

3
origins: Italy, Turkey, China

6
integrated services

KSA
Riyadh HQ, serving every region

What we stand for

Quality
Professional-grade equipment and installation done right.

Reliability
Solutions that run efficiently, with after-sales follow-up.

Commitment
Clear schedules and fast response to service calls.

We serve: Supermarkets and hypermarkets · Grocery and mini-markets · Butchers and delis · Restaurants and cafés · Warehouses and food factories

Our services

Everything your project needs in refrigeration

01

Equipment supply

Display cabinets, freezers and counters in over 150 models, chosen for each store section.

02

Installation & commissioning

On-site installation, start-up, testing and handover.

03

AMC maintenance contracts

Scheduled maintenance tailored to your business, equipment and operating hours.

04

Repairs & emergencies

Fast diagnosis and repair to reduce downtime.

05

Cold room construction

Custom chiller and freezer rooms, from site survey to commissioning.

06

Plan your store

A free planner on our website: draw your store, place cabinets at true size and send us the plan.

The maintenance programme covers

- Inspection and diagnosis
- Preventive maintenance: cleaning, adjusting and checking components
- Cooling system checks and temperature monitoring
- Reports, follow-up and equipment records

Our products

Italian, Turkish and Chinese products

We work with manufacturers in Italy, Turkey and China, and pick the right product for each project by use and budget: display cabinets, freezers, counters and islands for every store section.

Italy

European design and high specifications for large projects and chains.

Turkey

Reliable quality with an excellent price-to-performance balance.

China

Practical, economical options for shops and small to mid-size projects.

From our range

FREXO
Remote multideck display cabinets

POLA
Remote glass-door multidecks

SOVA
Serve-over counters for meat and cheese

ALPI
Remote glass-door freezers

CRIO
Plug-in glass-door cabinets, double glazing and LED lighting

LUMIX
Upright glass-door cabinets

CRYOIX
Plug-in multideck cabinets

FRENIX
Island freezers and chillers

VELIX
No-Frost island freezers

NORDIX
Top-mounted glass-door units

Cold rooms

Chiller and freezer room construction

Custom cold rooms for restaurants, supermarkets, warehouses and food factories.

Chiller rooms
0 to +8 °C
Fruit, vegetables, dairy, beverages

Freezer rooms
-18 to -25 °C
Meat, poultry, fish, ice cream

Blast freezers
Down to -35 °C
Fast freezing of fresh products

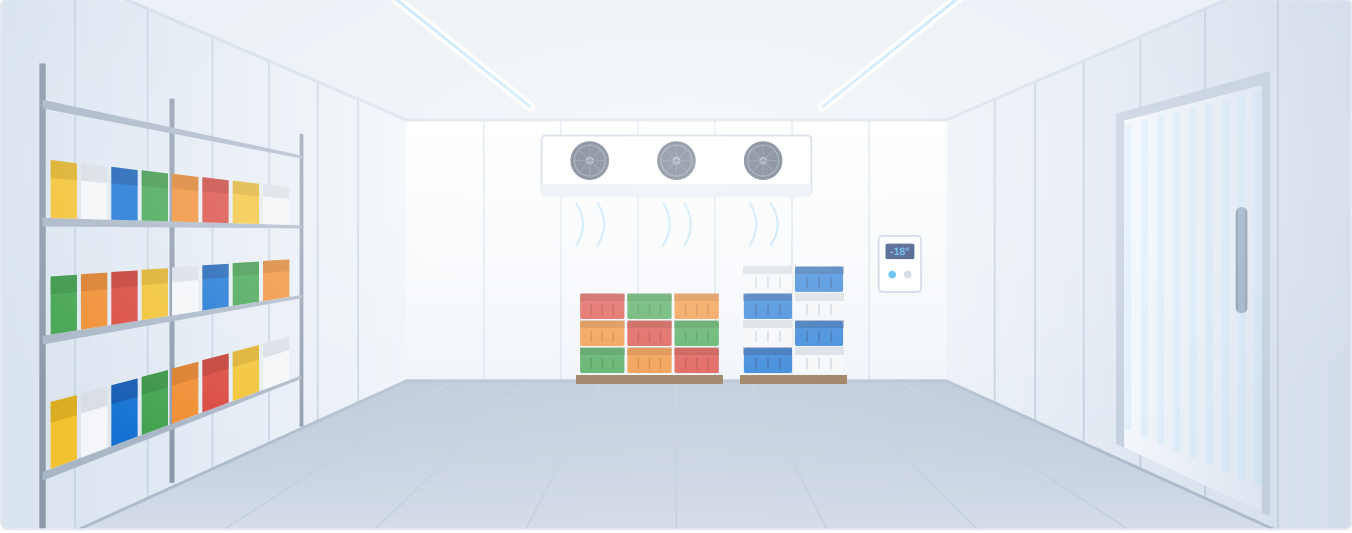

Multi-temperature
Several zones
Central kitchens and warehouses

What a room includes

- Polyurethane sandwich panels, 75 to 150 mm
- Hinged or sliding doors with strip curtains
- Floor insulation and floor heating for freezers
- Monoblock or split refrigeration units
- Temperature, defrost and alarm controller

How we deliver

1. Site survey and measurements
2. Design and heat-load calculation
3. Detailed quotation
4. Panels and doors supplied and installed
5. Refrigeration installed and commissioned
6. Handover and maintenance contract

Refrigeration units

The right unit for every project

We select each unit by heat load, required temperature and installation site.

Condensing units
Condensing Units

For remote display cabinets, chiller and freezer rooms.

Monoblock units
Monoblock

All-in-one, quick to install, for small and medium rooms.

Split systems
Split Systems

Outdoor condenser and indoor evaporator for larger rooms.

Unit coolers
Unit Coolers

Fan evaporators with electric or hot-gas defrost.

Rack systems
Rack Systems

Several compressors serving all supermarket cabinets.

Controllers
Controllers

Temperature, defrost and alarm control.

How we work

1. Consultation & survey
2. Planning & selection
3. A clear quotation
4. Supply, install, commission
5. Maintenance & follow-up

Headquartered in Riyadh, serving the whole Kingdom

Our supply, installation and service team reaches your project wherever it is: Riyadh, Jeddah, Dammam, Qassim and every region.

Why us

Why FT Cooling?

01 Riyadh HQ, Kingdom-wide
An install and service team that reaches your site wherever it is.

02 One partner, end to end
Supply, installation, commissioning and maintenance.

03 Three sources
Italian, Turkish and Chinese products for every budget.

04 Plan before you buy
Our store planner and on-site surveys.

Digital experience

Plan your store before you buy

Our website gives project owners tools that make buying decisions easier and save time on both sides.

Plan your store
Draw your floor and place cabinets at true size, then send the plan in one tap.

Online catalogue
153 models with full specifications and available options.
